American Interests are Safe in China.

WASHINGTON, May 5.—Official assurances have been given to our Government that the agreement reached between Great Britain and Russia as to spheres of influence in China concerns only the two parties and that in no manner does it affect the interests of the United States. The agreement does not amount to a seizure of the lands in China defined as being within either of the two spheres, and even should any territory be acquired in China by either of the parties to this agreement the United States, it has been stated, will not be subject to any discrimination in commerce or trade. Such rights as are now possessed in treaty ports will continue to be enjoyed freely by the United States.

In view of the fact that the recent agreement presented new and important features, through the inclusion for the first time in the territory subject to it of cities that had long been treaty ports, this assurance is regarded here as of the greatest value.

At the Anchor.

Captain Carlyle states that the Bock Beer is *pari passu* for this term. At the celebrated Anchor he now quenches the thirst of his customers with high grade Jesse Moore whiskey, or with Cyrus Noble's white malt whiskey, which mixed with plain soda makes the famous drink known as High Ball.
